

Office of the Commissioner of Fisheries,
Telangana State, Hyderabad

Memo No. 1139/C1/2018.

Date: 08.8.2018

Sub: Fisheries- Supply of Fish seed on 100% grant during 2018-19- Guidelines for stocking of fish seed issued- Further Instructions to ground the scheme in transparent and speedy manner - Reg.

Ref:- This office letter even No . Dated.12.6.2018

The attention of all the District Fisheries Officers is invited to subject captioned. It is to inform that the stocking of fish seed on 100% grant during 2018- 19 was launched by Hon'ble minister for Fisheries, Telangana State on 3.8.2018 in Wanaparthy District. The programme shall be commenced in all districts before 12.8.18 in consultation with District Minister, District Collector and other public representatives. In order to facilitate the DFO's, the best videography recorded during 2017-18 seed stocking programme is sent through mail to observe and to ground the scheme as per guidelines without any deviation and also follow the necessary protocols during seed stocking.

Further, in spite of instructions issued time and again it is observed that, certain District Fisheries Officers are committing mistakes in arriving at seasonality of tanks, species composition, seed requirement, TWSA, EWSA etc. Keeping in view of the same, in continuation to the guidelines issued vide reference cited above, the following instructions are issued to avoid such issues hereafter.

1. The District Fisheries Officers are once again requested to look in to the matter personally, and arrive the final figures exactly duly cross verifying with the figures taken in to consideration during last year.
2. Either increase or decrease in requirement of seed shall be justified with due certification of competent authority only.
3. Furnish the copy of list of tanks and seed proposed to be stocked scheme wise (ie.under IFDS, NSP, SC, ST) to head office immediately.
4. While stocking in reservoir, prefer to use seed counting machine. In case counting machine is not available, the seed shall be counted by weighing method only. The stocking programme shall be informed to the supervisory officer concerned well in advance, so as to enable them to attend the programme.
5. The vehicle number shall be videographed invariably before transfer of fish seed into the hapas.
6. Upload the stocking details in E-Laabh on daily basis without fail.

The District Fisheries Officers concerned will be held responsible personally, if any deviation occurred during implementation of seed stocking programme.

Sd/- Dr.C.Suvarna
Commissioner of Fisheries

To,
All the District Fisheries Officers

Copy to all the supervisory officers to follow up and monitor closely and see that programme shall be implemented successfully without any deviation
